

The Woodstock Mural Project Needs You!

Your generous contribution to this community-wide project will memorialize Woodstock's cultural icons—Chester Gould, creator of the world's greatest crime fighting detective Dick Tracy; legendary producer / director / actor / playwright Orson Welles; the Harold Ramis / Bill Murray film classic Groundhog Day; and, the best and brightest Stars of the Opera House—in a professionally designed and hand painted mural that will grace Woodstock's Main Street Pedway. Sponsors will be credited on all printed materials and receive permanent recognition as part of the project's on-site information kiosk.

Receipts are provided for tax-deductible contributions made by check or money order to:
